OBJECTIVE

I am a senior college student studying graphic design at Keene State College, seeking an internship for my last semester and a potential full time job. I graduate with my BFA in graphic design may of 2026. I have hands on experience in digital experience agency working on marketing materials, and website deliverables for clients. I have a proficiency in the Adobe Creative Suite and extensive knowledge of Figma. I'm eager to get some more hands on experience in fast paced agency setting and learn from the best of the best.
